

Shiny case study: Logistic curve fitting

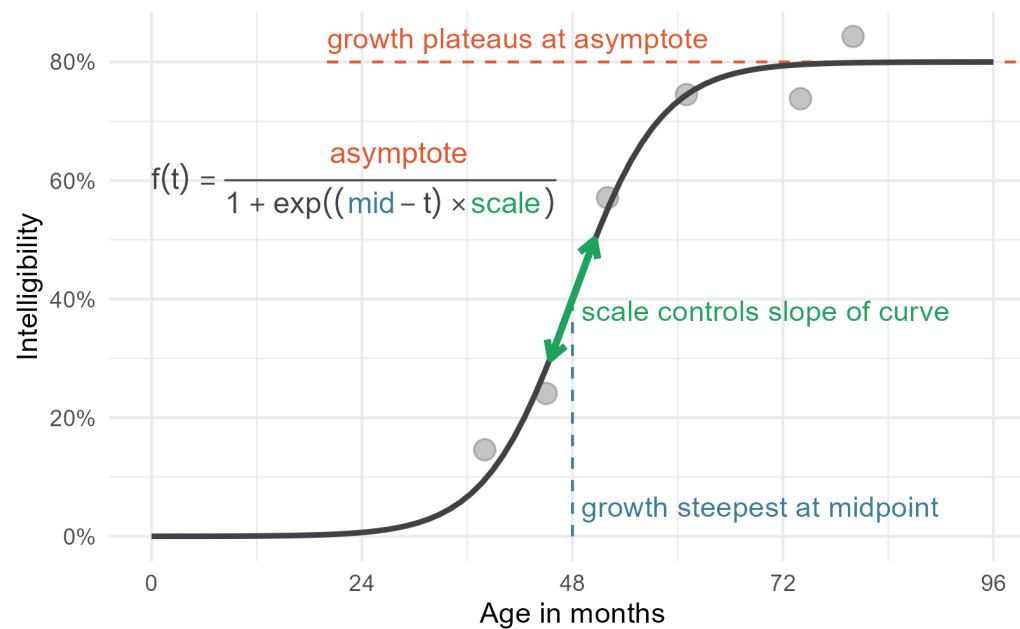

Scott Saunders

August 4th, 2025

Logistic growth

Logistic Growth Parameters

Code exercise: An app to fit user logistic data

- Start with static analysis
 - `CS_logistic_static_analysis.R`
- App_1: Generate & plot logistic curve data
 - `CS_logistic_app_1.R`
- App_2: Generate, plot & fit logistic curve data
 - `CS_logistic_app_2.R`
- App_3 (tomorrow): Upload and interactively select data to fit

Independent projects - Day 1

Goal: Get a basic functioning app!

- Does everyone have a project idea?
- Start simple!
- Instructors will check in with you.
- Where to go for help:
 - shiny.posit.co
 - Mastering Shiny online book
 - Stack overflow / google search / ai?
 - TAs / classmates!
